Pee Dee Regional EMS is offering CEVO 3 Ambulance courses for all services needing to run their people through the course. The course is being offered as an online course so that you can purchase as many access keys as needed. The student will receive a certificate of completion upon successful completion.

With Regulation 61-7 revision and the impact it will have on the service providers we wanted to make sure you had the training available at a reasonable cost to you. All current drivers must have CEVO certification within 6 months of the regulation revision and all new hires have 6 months to complete the course.

Cost for each key is \$50.00 and can be obtained from either Beth or Mark via email Beth@pdrems.com or Mself@pdrems.com. Payment is due when keys are issued. The online nature of the course allows your work force to complete the course when it fits their schedule.

If you have questions please call 843 662-5771
